

THE RHODODENDRON, CAMELLIA & MAGNOLIA GROUP

2012 SEED LIST

www.rhodogroup-rhs.org

INSTRUCTIONS FOR ORDERING

Please read carefully – new ordering arrangements apply this year.

1. The 2012 Seed List will remain open throughout the year. Temporary closures will be announced on the website. Updates which reflect current stock and any additions will appear periodically on the website or can be requested by email.
2. In order that the Group can be seen to observe the conditions laid down by the Convention on Biological Diversity (CBD), the Convention on Trade in Endangered Species of Wild Fauna & Flora (CITES), and other laws concerning biodiversity, it should be noted that seed in this list is supplied on the express understanding that it is for the personal use of the member and must not be used for commercial purposes.
It should also be noted that we offer the seed as named by the collector and therefore we cannot guarantee the produce.
3. The first figure(s) of the list number indicate the year of collection e.g. list numbers prefixed '4' were collected in 2004, '11' in 2011 and so on. This year the printed list is arranged in alphabetical order but will appear in alphabetical or year-by-year order as an Excel file online.
4. Rhododendron seed can be kept stored for 5 years or more if kept at a temperature of around 2°C or less, which ours is.
5. Please use the order form provided and include the item name as well as the List Number, in case of doubt or error. **It is helpful if items are entered in LIST NUMBER ORDER.** Continue your order on the back of the order form where necessary. Additional order forms can be downloaded from our website. Orders may also be placed using a **fillable pdf file, available on the website** which may be emailed or printed and sent to the above address as required.
6. Any number of packets may be ordered (subject to a limit of one packet of any given seed list number). Orders will be dealt with in strict order of receipt, with preference given to those members who have donated seed in the current year. Additionally, the complete seed list will be emailed to members with active email addresses and appear on our website 3 working days after postal dispatch in the United Kingdom. Please be patient – orders will be processed as quickly as possible but return of post is not possible and after the main distribution period it may be a few weeks before they can be dealt with.
7. If the packet of your choice is sold out, we will automatically substitute a packet of the same species and from a similar altitude if available. A list of the seed supplied will accompany your order, which will show details of any substitutes enclosed, but you are advised to keep a copy of your order as the original will be kept in case of queries. *Please state if substitutes are not acceptable by ticking the box on the order form.* At the discretion of the Seed Convenor, up to two packets of seed over six years old will be distributed free on request to each member submitting an order, if the box is ticked on the order form.
8. Send your order by post or email to the address below with your cheque (sterling) or credit card details. In case we are unable to fulfil your order in full, cheques (including Eurocheques) should be left open and the words 'Not exceeding pounds' written at the top of the cheque which should be made payable to the *Rhododendron, Camellia & Magnolia Group*.

For security, email payments should be sent split into three or four separate emails. Please remember the card expiry date and security number – credit card payments cannot be processed without this information.

Payment may also be made by PayPal, but wait to be emailed with a total amount before sending to rcmgpaypal@woodtown.net

9. Use the order form provided and send it to:

Margaret Miles, Trewollack, St. Mawes, TRURO, Cornwall TR2 5AD
or email: margaret@trewollack.co.uk

10. Prices per packet are as follows:

11 code = **£2.50** 10 code = **£2.00** 9 code = **£1.50** 8, 7, 6 code = **£1.00** 5, 4 code = Up to 2 packets free if box is ticked

Open-pollinated **rhododendron** seed clearly marked (OP) on the list = **£1.00** otherwise full price

11. An additional charge will be added for postage and packing as follows: UK – £2 EU – £2.50 Elsewhere – £3.50 (Airmail)

12. **SEED IMPORTATION REGULATIONS:** Overseas Members requesting seed are responsible for obtaining the necessary documentation to cover their order and for ensuring they do not apply for seed contravening current import legislation in their own countries. Any relevant paperwork should be submitted with the order and the instructions made clear. The Rhododendron, Camellia & Magnolia Group, acting in good faith, cannot be held liable for seeds impounded, confiscated or otherwise lost.

NOTES

1. (HP) = Hand pollinated (OP) = Open pollinated (WC) = Wild collected
