THE RHODODENDRON, CAMELLIA AND MAGNOLIA GROUP

Patron: HM King Charles III Registered Charity Number 1161254

APPLICATION FOR A BURSARY FROM THE RHS RHODODENDRON, CAMELLIA AND MAGNOLIA GROUP (RCMG) RESEARCH AND EDUCATION BURSARY FUND

1) The object of this fund is to give small bursaries to support research and education projects specifically relating to Rhododendrons, Camellias or Magnolias, which further our knowledge of and/or promote these three genera. This could also be a grant towards travel expenses involved in carrying out the research.

2) The successful applicant would undertake to produce a paper outlining the results of the project, within three months of completion of the project, for publication (but not exclusively) in a journal of the RCMG or other RCMG publication and/or Group website. Candidates' personal information is not shared with any other organisation. It is securely stored by us and may be made available to the three members of the Awards panel.

3) Applicants should be based in the UK but can apply for a bursary towards research anywhere in the world.

4) Applications will be subject to scrutiny on a 'first come first served' basis, by a small panel appointed by the RCMG, and must show clear objectives and the methods for achieving these. If desired, a preliminary outline of a proposal can be discussed with Mark Bobin, Bursary Coordinator at the email address below to assess its suitability before applying formally.

5) Applications may be made at any time in the year, but in any case, a minimum of twelve weeks should be allowed before the start of the proposed project if possible. Bursaries cannot be given retrospectively.

NAME: _____ DATE: _____

E-MAIL ADDRESS: _____

ORGANISATION IF APPLICABLE: _____

NAMES & ADDRESSES OF TWO REFEREES:
